The tournament format is boater/non-boater with ***NO DRAW. Boaters compete against boaters and non-boaters compete against non-boaters.***

Drawing will only be done to pair unpaired registrants.

The weekends selected are:

May 6, 2017 Conchas Lake

May 7, 2017 Conchas Lake

August 19, 2017 Navajo Lake President's Cup banquet Saturday

August 20, 2017 Navajo Lake

The lake off limits will begin at midnight on Sunday (Monday morning) before the tournament until Friday safe light.

New: Qualification for the 2017-2018 State Team will be based on the top 3 scores from the 4 qualifiers.

Official practice for both weekends will be the Friday prior to each weekend. See rule 9 below for further clarification.

Registration will only be available on the Friday prior to the tournament weekend. Boaters/non-boaters must register for either or both events on the Friday prior to the pairings meeting. All option pots are per event, i.e. two per weekend. Prior to registration, boaters must comply with state regulations for boat **inspection for aquatic invasive species**. This is especially important for boats registered outside of New Mexico or boats that have recently been out of state. Plan ahead as there may not be inspection personnel at Conchas.

Proof of \$300,000 liability insurance is required to be in the possession of the boater at all times during the tournament. The first three boats will be checked for insurance and at least one random boat after that.

Conchas does not allow glass containers in the state park - \$300 fine
Inflatable life jackets must be worn at all times unless there is a non-inflatable jacket in the boat for that person. (Coast Guard rules)
Expect State Parks to inspect for all safety equipment.
